

Toolmaker, 2nd Shift – Up to \$30.00 Per Hour

Arnprior Rapid Manufacturing Solutions, Inc., located in Eastman Business Park, Greece, NY, has an immediate need for a 2nd Shift Toolmaker. The regular work schedule will be Monday through Thursday, 2 p.m. until 12:30 a.m. (4 10-hour days). This is a great opportunity for those that enjoy long weekends!

The chosen candidates will receive up to \$30.00 per hour, which includes our generous shift differential. Overtime is expected to be offered.

Additionally, we offer a minimum of the following benefits:

- Secure parking
- Excellent benefits package, including Company-paid incentives

The Toolmaker will work with his or her team and independently build fixtures, molds and parts, as well as, assemble products in a timely and efficient manner. He or she will also be required to effectively participate with the Team Leader and Manufacturing Process Engineers to develop customer quotes and meet customer requirements, when necessary.

Job Requirements:

- Seasoned experience with general machining disciplines, such as tool room CNC mills, EDM and bench equipment
- Demonstrated ability to interpret engineering drawings or rough sketches according to manufacturing instructions
- Understanding of CAD systems, and program milling machines (CAM)
- Work 6 am until 2:30 pm or 7 am until 3:30 pm
- Willingness to work overtime, as needed
- Knowledge of ISO9001 and AS9100 preferred

If you have the skill level and desire to work the shift described above, we welcome you to apply through this posting.

Our company culture is ideal for someone who expects to take ownership of their work and participate in company growth. We believe that giving input and sharing ideas with direct-reports and leadership, and listening to theirs, in return, is a requirement for all of us, as a team, to excel. All candidates must have the desire to grow in the job.
